EXCEL REGISTRATION INFORMATION FOR 2019-2020:

Please be advised that the dates for early and general registration have been finalized.

Early registration will be open to families enrolled in the EXCEL program, at the time of registration, for five days beginning on **Wednesday, June 5, 2019 at 8:00 am AST**. A link to our online registration system will be made available on the HRCE website on Monday, June 3, at 8:00 am AST. An email will also be sent to current participants with this information.

Registration will be open to families who are not enrolled in the EXCEL program, at the time of registration, on **Monday, June 10, 2019 at 8:00 am AST**. A link will be available for parents of new participants on the HRCE website as of Monday, June 10, at 8:00 am AST. From here, parents will click the "New Parents Open Account" icon which will provide access to the Parent Portal.

This year, the HRCE will be introducing a new management software called EZChildTrack to support the 2019-20 EXCEL registration and payment process. EZChildTrack offers a secure, convenient, web-based platform on which clients can register their child(ren) online for the EXCEL program. The online registration process ensures that all client personal and financial data is securely collected and stored on Canadian servers. The registration process must be completed on a computer, not a cell phone.

Program fees for 2019-20 will remain the same as this year. As in previous years, families may only submit an EXCEL application for the school in which their child(ren) is registered for 2019-20. Applications are processed based on the date and time they are received.

Please visit <https://www.hrce.ca/about-our-schools/parents/excel-child-care/registration> to review further details on the 2019-20 EXCEL registration process.
